YASH DESHPANDE

9022763347 • Alandi Pune • yash656deshpande@gmail.com

ABOUT ME

Motivated BTech IT student from MIT Academy of Engineering (MITAOE), Pune, with strong interest in Data Science and Python development. Skilled in Python, SQL, DBMS, and Data Analytics fundamentals. Passionate about solving real-world problems through projects and hackathons. Proven ability to collaborate and innovate, demonstrated through projects

EDUCATION

GOLDEN KIDS JUNIOR COLEGE
12th (HSC): 78.9%

GOLDEN KIDS HIGH SCHOOL
10th (SSC): 90.2%

MITAOE PUNE (ALANDI)

Btech in Information Technology
(Curenly pursuing) CGPA: 8.05

SKILL

- Python, C++
- SQL
- DBMS
- Data Science (Basics)
- Data Analytics

EXPERIENCE & ACHIEVEMENTS

Internship:

Data Science Intern | Reliance Industries Limited – GMS Digital (July 2026)
Project: ROGC Anomaly Detection

- Analysed industrial flow-sensor data to identify anomalies associated with impulse-line choking.
- Performed data preprocessing, cleaning, exploratory data analysis (EDA), and sensor correlation analysis.
- Applied PCA and explored Decision Tree, SVM, Random Forest, and Dense Autoencoder approaches for anomaly detection.
- Evaluated models using confusion matrices, precision, recall, F1-score, ROC-AUC, and feature importance.

Hackathons:

CodeMongUs | Real-Time Multiplayer Coding Game
Winner – Offgrid 1.0 Hackathon, DYPIU

- Developed a collaborative coding game where players debug DSA problems while an impostor secretly sabotages the code.
- Built the application using React.js, Node.js, and Socket.IO to support real-time multiplayer interactions.
- Antigravity IDE, and learned GitHub for version control and Vercel for deployment along the way.

AdWise | E-commerce Application & Analytics Dashboard
Academic Project

- Developed an e-commerce application and a separate analytics dashboard to explore business performance through KPIs.
- Focused on sales, customer, product, and order analytics, with an emphasis on dashboard-driven insights.
